# Director & CFO Office

独立董事、财务总监办公室

Bringing right people to support your organization's business direction & financial strategy.

Our highly effective professionals provide Non-Executive Director/ CFO as a service solution to aid businesses in developing, analysing & executing financial strategies aligned with your business goals.

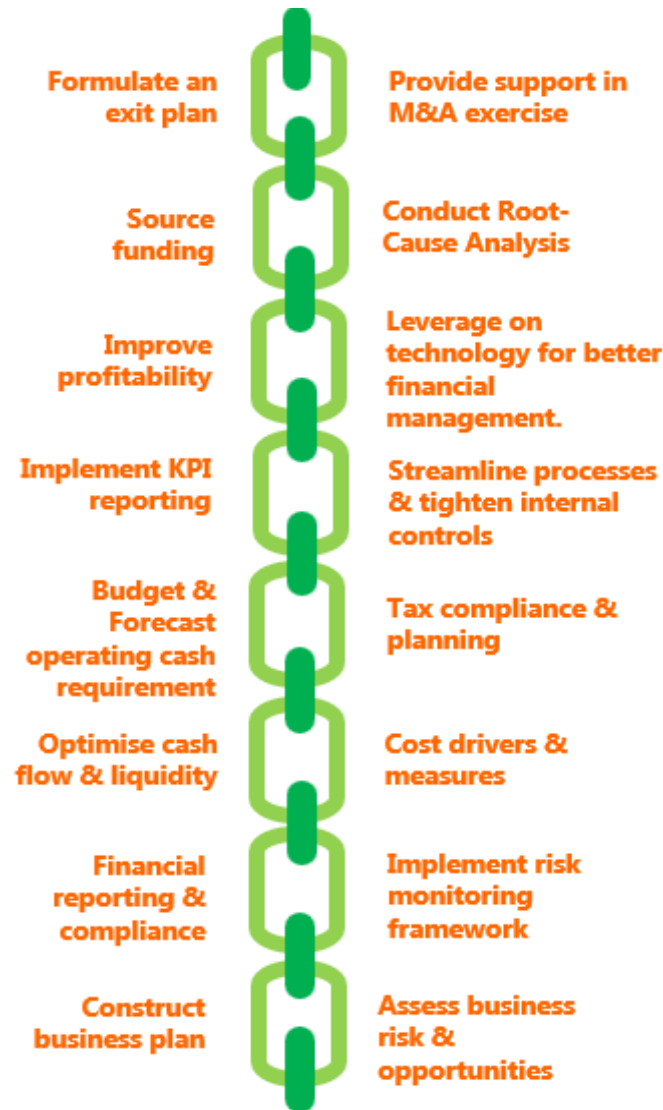

How we operate:

- We support the existing Board of director and/or CFO on special assignments to facilitate the completion of corporate exercise.
- We work as a sole CFO (on-demand basis) to your organization.
- We work as an interim CFO to supervise the routine financial function of your organization until the role is filled.

**We work to create value & bring business continuity as & when you require, in the most cost effective manner.**

## Our Approach

Our Non-Executive Director & CFO office as a service solution helps organizations to build and reinforce a system of controls that forms a strong operating & financial backbone for your business.

## What your business stands to gain:

Customized business solutions to what works for your business.

Experienced professionals to manage & supervise your periodic reporting function.

Avail your resources for high-impact and high-value projects.

Replace fixed cost structure to “on-demand” variable cost arrangement.

Task-oriented & comprehensive financial management framework.

Timely analysis & reporting that enable immediate grasp of business performance.
